VIDEO PRESENTATION POST MEETING

Jim presented a video of the XP Ford Falcon 70,000mile durability run. In 1965 6 stock standard, 6 Cyl Falcons were driven flat out for eight days around a twisty 2.2 mile mountain test circuit until they had completed a total of 70,000 miles, aprox. 5000 laps per car. Despite 3 cars rolling and a collision with a 2 ton rock all the cars finished without mechanical breakdowns. Many thanks, Jim

For the June monthly meeting, Bill Beverley will give a presentation on his exploits as a young Champion Rally Driver.
