## **MEMBER ITEM OF INTEREST**

Greg showed a video courtesy of the Qld Museum that related to the restoration of a Spencer motorcycle. In the early 1900's David Spencer crafted a distinctly Australian racing bike by hand from locally cast parts. This was quite an achievement given the infancy of internal combustion engines. The restored motorcycle is on display at the Railway Workshops Museum, Ipswich. For anyone interested, the link to the video is <https://www.museum.qld.gov.au/the-workshops-rail-museum/whats-on/the-spencer-project>. At this stage Gus Trouchet may be our presenter for the March meeting.
